

Doris Danger Volume One: Giant Monster Stories

Doris Danger is a photo-journalist who, as a teen, was abducted by a giant monster. Ever since, she's had a burning desire to prove the existence of giant monsters, but has yet been unable to prove her beliefs and snap that indisputable photograph. Along the way, she has met many others who believe, as she does, in giant monsters. She has managed to convince many, foremost of them, her boyfriend, former astronaut Steve Wonder. And she has met many who doubt, try to disprove, or even lie, manipulate, and cover up evidence. Join everyone's favorite Tabloid photo journalist as she encounters giggling scientists, a fezz-wearing cult, the Monster Liberation Army, FBI G Division, robots disguised as African tribesmen, actors disguised as robots, menacing mannequins, hillbillies, and GIANT MONSTERS!
