

## Forbidden Worlds #7: Classic Horror Comics from 1952

It was the 1950s - a time of alien abductions, Cold Wars and Black & White TV - we needed comics! Every week new publications would warp the minds of our youth, destroy (or save, depending on your point of view) the culture of America, and drain hard-earned dimes from the pockets of young boys and girls. A glorious time!

We loved to be scared - still do, it seems - from the comfort of our own home, secure in the knowledge that there's no real danger (or so we think). Nothing could match the imagination, the surprise, and the chilling-of-your-spine like the great horror comics of yesteryear. Now you can enjoy again (or - for the first time) the colorful and scary stories that haven't seen print in many decades! The comic reprints from Golden Age Reprints and UP History and Hobby are reproduced from actual classic comics, and sometimes reflect the imperfection of books that are decades old. These books are constantly updated with the best version available - if you are EVER unhappy with the experience or quality of a book, return the book to us to exchange for another title or the upgrade as new files become available.
