

## The Track road to the stream

The Track-Road to the Stream is a fictional story book, about a strong, huge and scary looking man in the rural part of Nigeria in search of children he could lay his hands on. Hiding and pursuing children was his game plan. A greedy rich man in the city behind him made the situation worsened. This book is interesting and straight to the point, with a long range of suspense, and could insight children safety in their neighborhood.
