

# The Portable Coach: 28 Sure Fire Strategies For Business And Personal Success

For many years a certified financial advisor with a thriving practice, Thomas Leonard came to realise that he was much more than that to his clients; he was their personal coach, a combination of a career counselor, financial advisor, therapist, and big brother, a person who helps people figure out their goals in life and then works with them to achieve them. Blending profound psychological insights with years of hands-on experience helping people to stop grasping for what they want and start attracting it, Leonard has perfected a programme that enables people to transform their lives in remarkable ways. THE PORTABLE COACH is a vigorous, highly encouraging blueprint for success, filled with inspiring real-life examples as well as Coach University's patented worksheets and checklists. Leonard offers a deceptively simple strategy to help readers build reservoirs of time and energy to devote to attracting abundance in their lives.
